

Welcome to International Industries

Last Updated Monday, 04 August 2008

International Industries Limited, a top 25 KSE Listed Company; was incorporated in 1948 as Sir Sultan Chinoy & Co. Ltd. - a trading company which ventured into the business of manufacturing welded steel pipes and tubes in 1965. IIL is in the business of producing and marketing of GI Pipe, Steel Tubes and Pipes, API Line Pipe & Polyethylene Line Pipes throughout the world. IIL had a total turnover in 2007 of USD 183 million (Rs.11 Billion) with exports of USD 32 million. IIL has a plant and storage area of 25 acres (over 100,000 square metres) and stocks over 40,000 tons. IIL has over 40 years of Steel Pipe Manufacturing experience.

IIL currently employs over 1400 people.

IIL has the manufacturing capacity of 300,000 tons of small diameter steel pipe with OD range (12.70mm – 168mm).

IIL product is sold in over 30 countries across 6 continents.

At IIL, we consider our expansive delivery network and prompt supply time as our core strength.

IIL complies with the best practices of the code of corporate governance. Precision steel tubes remained the core of its pipe and tube manufacturing operations until 1982. Manufacturing was expanded to include Galvanized Pipe in 1983. The manufacture of Cold rolled strip for in-house use and sale, commenced when the Company commissioned the country's first and only Cold Rolling Mill in the private sector in 1990. The Company remains the market leader in its segment of Galvanized Pipe and Precision Steel Tubing, with sales in the fiscal year 2006-07 in excess of Rs. 11 billion. International sales commenced in an organized manner in 1995. Today, the Company remains the leading exporter of welded steel pipes and tubes from Pakistan and is exporting to 6 continents. With its sophisticated machinery, ongoing expansion plans and upgrades to value added products, the company has been successful in developing export markets and is effectively increasing and expanding sales. The exponential growth of exports is a strong endorsement of the company's resolve and its intent to maintain the quality of its products comparable to those manufactured internationally. The fiscal year 2006-07 saw sales exceed 172,000 tons per annum with export sales valued at Rs. 2.0 billion (over \$32 million). The company has been the recipient of the trophy as the Leading Exporter of Mechanical Engineering items in the last eight consecutive years. Listed on the Karachi Stock Exchange in 1984, International Industries today has equity of over Rs. 2.3 billion. Turnover grew from Rs. 15 million in 1976; crossing Rs. 1 billion in 1992, and surpassing Rs. 11.0 billion in 2006-07. The company is certified to the Quality Management Systems ISO 9001:2000, Environmental Management System, ISO 14001:2004, Occupational Health Safety Assessment Series OHSAS 18001:1999; and has API Accreditation to Q1-5L and Q1-15LE. The Karachi Stock Exchange Top Twenty-Five Companies of Pakistan award has been awarded to International Industries Limited for the last six consecutive years. We continue to strive to be a model for modern professional management in Pakistan. With our aims of excellence, we endeavor to be a profitable and growth oriented organization. Provision of high quality services and products is the core of its business strategy, making it a reliable business partner and associate.
